

THE GETTYSBURG MEMORIAL.

As announced in our news columns the Governor has out done what is popularly known as the "Garvin Gettysburg Memorial Bill" from \$250,000 to \$150,000. The act appropriating the former amount was printed in full in our issue of July 2nd.

In doing this the Governor says: "This bill is approved in the sum of \$150,000. I withhold my approval from the item appropriating \$50,000 for the two fiscal years beginning June 1, 1901. I withhold my approval from the item appropriating \$50,000 for the two fiscal years beginning June 1, 1902."

It will thus be seen that no money for the Memorial is available or can be used until the two fiscal years beginning June 1, 1903.

STUPID SCOUNDRELISM.

Every legislator who sold himself to Machine iniquity partly for a mess of appropriation potage, and who has been cheated out of his potage by a vote of the scaling down of his pet appropriation, many people have found for reflection as to whether it pays any better in the long run to be a public scoundrel than to be a private one. Everybody knows that the scoundrel in private life soon comes to grief; but a great many people have been led to believe that this inflexible rule does not apply to men in public life.

The trouble with the legislators who were elected under pledges to remain honest men, and who then turned back for a bribe, was that they were short sighted. They were not looking for their constituents as well as for themselves, and they lost sight of the fact that there were more of these promises out than could possibly be fulfilled. Had they possessed ordinary business intelligence they would have known that \$250,000 in State funds couldn't possibly be stretched to pay \$250,000,000 or \$300,000,000 in appropriations. Besides being dishonest, they have shown themselves to be stupid.

Whether of a public or a private nature, is founded on stupidity; and the stupid legislators who in their eagerness to promote their own thirst for cheating their constituents and the taxpayers have only met the fate which commonly befalls their kind sooner or later.

The deepest cuts in the appropriations were made by the Governor into the alleged Jackals to the proteges of the alleged Democrats who played the part of the Jackals to the Quakers. The assistant Representative John H. Sutter, "Democrat," gets left in the lurch with an allowance of \$12,000 to Waynesburg Hospital; Representative Maloney, "Democrat," is left with \$17,000, and the Governor has been so kind as to give him \$100,000 for the loss of the Gettysburg battle, which means that there will be no \$50,000 memorial for Garvin this year. The worst fate of all, however, was reserved for Machine as "Democrat" squires. His pet appropriation of \$100,000 for the Homeopathic Hospital for the insane was almost wiped out by a gubernatorial cut of \$250,000. All of which should warn political junkies to insist upon their political position in just that way they put in clipped sheaves in their blood money altogether. —Philo Record.

The death of Hazen S. Fingero depicts American politics of one of its most picturesque characters. Uneducated, blunt, jarrish, though forceful, upright and philanthropic, he worked his way from the office of ward politician to the Governorship of Michigan. The politicians, the *democratic* reformers, and the grabbing corporations lured him—each for good reasons to themselves. The common people, however, have him for their trust and love as they do to few leaders. When it is noticed how few politicians really espouse the cause of the common people, and how those that do get more than they give, it is a wonder that older and more ambitious men than Hazen Fingero do not learn an obvious lesson from his political career.

This decision of the Supreme Court leaves the railway and electric light controversies about where they started five years ago, and although the long disputed question of ownership has not been decided, the company in control owe it to the people of Gettysburg to make the necessary improvements. The existing stock particularly require better service.

The Legislature appropriated in the aggregate \$39,000,000, and the reduction is \$2,225,000 and this amount just comes within the estimated revenue of the State. PRESBYTERIAN RE-UNION.

All of the arrangements for the Presbyterian Re-union, which is to be held at Gettysburg, Pa., on Tuesday, July 30th, have been completed. As this is the first re-union of the 20th century it promises to be the best of any that have preceded it. The Presbyterians of four great states will be represented—Pennsylvania, Maryland, Virginia, and West Virginia. The churches of the Presbyterian Church will also be represented—the Presbyterian Church North, the Presbyterian Church South, and the United Presbyterian Church.

The speakers are among the ablest men of these three branches of the church. The Rev. Joseph T. Smith, D. D., of the General Assembly, will speak on the behalf of the Western Christian Assembly and its work. The Rev. A. M. Ensey, D. D., of Staunton, Va., will speak on behalf of the Southern church. His subject will be "A Bible Study of Calvinism." The Rev. J. K. McKim, D. D., of the Presbyterian Church, will speak on the behalf of the United Presbyterian Church.

The Re-union Office, composed of 30 of the best singers of Harrisburg, under the direction of Prof. E. J. Deceve, of the Conservatory of Music, Harrisburg, will be leading the singing. The choir will be assisted by the Pen-Arth Orchestra, under the leadership of Prof. John Zeigler, of Baltimore. The orchestra will give a sacred concert in the morning, at eleven o'clock, in the new Re-union building.
